BUILD TECH

LAMINATED SIDEWALLS

Using processes perfected through years of innovation, our laminated sidewalls combine a light yet resilient welded square-tube aluminum frame and exterior fiberglass with structural, insulating, and decorative layers using advanced heat-resistant adhesives in a vaccum chamber where the layers are bonded into a remarkably light, incredibly strong unit.

1. Gleaming exterior fiberglass
2. AZDEL synthetic composite
3. Rigid closed-cell foam insulation
4. Welded square-tube aluminum skeleton frame
5. Structural plywood inner wall
6. Decorative easy-care vinyl wallcovering

THE AZDEL ADVANTAGE

Key to Northern Express vacuum-bonded sidewalls is a structural layer of AZDEL synthetic composite. AZDEL can't absorb moisture, so it won't rot or mildew, and can't delaminate. It insulates against extremes of temperature and noise, contains no formaldehyde, and weighs half as much as the wood it replaces.

NORTHERN EXPRESS

LUXURY SERIES STANDARD FEATURES

Interior
- 'Matador Frost' Ceiling Panels
- 'Plush Dunes' Wall Vinyl
- Cabinetry w/Solid Wood Stiles & Cabinet Doors
- Designer Window Treatments

Heating, Cooling, Electrical
- Cool, efficient Interior LED Lighting

GULF STREAM COACH, INC. Structural Warranty 3 YEARS

Relax - You're Covered!
With Our Exclusive Three-Year Limited Structural Warranty

In addition to a standard one-year warranty against defects in materials and/or workmanship in construction and original components under normal use, our exclusive Gulf Stream Coach Warranty gives you THREE YEARS of coverage on key structural components (sidewalls, front and rear walls, roof, and floor) of your new travel trailer.

In addition, extended protection is offered by many manufacturers that supply components for Ultra-Lite units, including the refrigerator, antenna, furnace, water heater, awning, air conditioner, range, microwave, and more. See the full warranty statement for details.
