Exclusive Features

- 27" TV built into generous overhead storage
- Steel cage constructed overhead for added protection and durability
- Optional 7" back-up monitor
- TV Antenna w/ Amp and Boost (2 Jacks)
- AM/FM CD Stereo w/ 4 Speakers

7' interior ceiling height
Residential hardwood trim and door jambs

Corian™ edged counter tops throughout

- Soft Touch Ceiling

Family friendly sleeping arrangements in every floorplan with a full size Deluxe Hide-A-Bed Sofa that sets up in seconds and leaves plenty of floor space to get around the coach.

Dual metal H-ducted air conditioning system with foil bubble wrapped insulation for improved climate control.
Functional kitchen area with residential style cabinets featuring more storage space for the long trip. Hand crafted hardwood doors and stiles with residential hardware, microwave oven, 3-burner range with lighted hood, 2-door 2-way refrigerator and decorative wall borders.

Residential constructed drawers with dual metal drawer slides

Seamless Armstrong™ Midstar flooring in the kitchen, bath and hallway

The Ultra Supreme utilizes flush floor slide-room technology providing extra headroom and no step-up making a very comfortable dinette and sitting area.
The 8353 Ultra Supreme features a master suite complete with his and her wardrobes on either side of a Queen size bed, double sinks with vanity storage and a one-piece deluxe tub with glass surround. Two-Zone Living™, not just a bedroom, the master suite has a sitting chair, desk area, place for a second TV and a door. Two-Zone Living™ enables entertaining friends and family in the living zone while quietly relaxing in the second zone.

The 8353 Ultra Supreme is prepped for installation of a washer/dryer.
Exterior Features

Cradle of Strength

It all begins with a good foundation... that keeps getting better after 20 years of producing quality motorhomes.

Ultra Supreme trusses are rated to 6,000 lbs. per truss designed to dissipate the tremendous forces that are transferred to the coach from the chassis, much like a bridge truss dissipates extreme and concentrated loads that it encounters. This foundation supports abundant basement storage and adds rigidity to the rest of the coach. No other manufacturer offers this exclusive design.

Exterior construction features
- Vacuum-bond laminated sidewalls
- High density block foam insulation
- Enclosed and heated holding tanks
- Radius entry door
- Smooth fiberglass exterior
- Tinted windows
- Automotive style caps front and rear
- Seamless fiberglass roof
- Painted skirt
- All paint exterior graphics
- Full chassis rail extension
- Hydraulic Leveling System

Convenient rear center fill gas tank.
Aluminum skinned bus style doors with heavy-duty slam latches and thick rubber seals.
Galvanized steel storage compartments.

The design is set up to transfer weight to the center rails.
Available on all Ultra Supreme floorplans
